The Iowa Department of Public Health, Bureau of EMS has a web-based system where you renew your individual certification. (<http://www.idph.state.ia.us/ems/> then click system registry) You will be able to maintain and update your contact information. Students can register for courses on-line and services will be able to maintain a service roster. Each service must have a person go on-line and update the roster. Please make sure your service's leader has done this. Carroll County Ambulance will keep a copy of your user name and password if you need it. Contact Bill at 792-1335.
