

CARROLL COUNTY SPECIAL NEEDS DISASTER REGISTRY

+++++

If and when a disaster strikes Carroll County, would you need assistance evacuating due to a special need you may have?

Do you have special medical issues that may arise if electricity was out for extended periods or if you would not be able to get to a regular appointment for days or weeks?

This registry may be used by local emergency personnel during a disaster to locate people who may need additional assistance due to a disability, impairment, or other special need. **Your information will be secured and NOT given to private parties.**
